

UNIQUE HOMES

NATIONAL SPA WEEK: 6 LUXURY DEVELOPMENTS TAKING WELLNESS TO THE NEXT LEVEL

In honor of National Spa Week (starting today, October 30 through Friday, November 3), we're taking a look at luxury developments that are taking wellness to the next level by incorporating top-of-the-line spa amenities. Inspired by luxury spas found in five-star hotels, developers and designers have created an opportunity for residents to effortlessly live an unparalleled wellness lifestyle by incorporating some of the most relaxing and extravagant pampering amenities.

THE D'ORSAY

The **d'Orsay**, a boutique condominium of 21-luxury homes, located at 211 West 14th Street, in the nexus of the West Village, Meatpacking District, and Chelsea will provide residents with the luxury of not having to leave their home to access innovative and hotel-quality spa amenities. Legendary French designer **Jacques Garcia** thoughtfully implemented his renowned hospitality experience into the project by incorporating a private spa, complete with an art deco plunge pool, steam room and treatment room which can be booked for facials or massages.

1000M

1000M, the curving, cantilevering, 74-story luxury condominium coming to Chicago, will provide residents the opportunity for effortless relaxation and pampering right at home. Residents can mark their destination to the 11th floor 1000M spa, where they can take full advantage of the five-star hotel-like spa amenities including a meditation room, plunge pools, steam room, beauty bar and a Himalayan salt therapy room.

1 SEAPORT

Situated thirty floors above the hustle of New York City, residents of the **Hill West Architects**-designed **1 Seaport** enjoy a sanctuary in the sky that rivals even the swankiest of spas, including a hydrotherapy circuit with a steam room, misted water passageway and teak sauna with floor-to-ceiling windows overlooking New York's most notable landmarks. The 30th-floor amenity suite of this Lower Manhattan luxury condo also includes a breathtaking indoor pool and sun terrace with custom chaise lounges, creating a true refuge from the city below.

THE GRAND AT SKYVIEW PARC

The Grand, a 743-unit luxury condominium nestled in the heart of Flushing, features The Grand Club, a full-service spa for its residents. Located at the Grand Tower Three, residents can treat themselves to a relaxing massage or hangout at the social whirlpool area with friends. Those looking to melt away the stress can leave it all behind once they step inside one of The Club's steam, sauna or treatment rooms. Whatever they choose, it's the perfect way to find a little "me" time during National Spa Week and beyond.

AMRIT OCEAN RESORT & RESIDENCES

Spanning over seven acres in picturesque Singer Island, **Amrit Ocean Resort & Residences** is a new paradigm of mindful living, developed in partnership with world-renowned **ESPA** and the **Himalayan Institute**. Every ESPA treatment unites the best of aromatherapy, thalassotherapy and phytotherapy combined with ancient and modern Oriental, Ayurvedic and Western European philosophies. Within the natural surroundings, Amrit's enhanced lifestyle experiences, customized programming, and spa offerings will be focused around the "Five Pillars of Wellness," a selection of integrated areas of wellness that address **sleep** deprivation, **nutrition** and diet, **relaxation** and de-stress, personal training, **fitness**, beauty treatments, **mindfulness**, and more.

CAROLINE BAY

Caroline Bay, a 182-acre destination in Bermuda with branded residences and hotel by Ritz-Carlton Reserve will boast beautiful spa-like amenities and each home is situated to take full advantage of the mesmerizing pink sand beaches and azure blue ocean views, while still offering a sense of privacy with retractable glass walls. Various residences feature plunge pools, while the remaining residences will be equipped with outdoor kitchens.
